FOR THE CURE OF

AGUE AND FEVER

OR CHILLS AND FEVER

The proprietor of this celebrated medecine justly claims for it a superiority over all remedes ever offered to the public for the safe, certain, speedy: and permanent cure of Ague and Fever, or Chals and Fever, whether of short or long standing. He refers to the entire Western and Southwestern country to bear him testimony to the truth of the assertion, that in no case whatever will it fail to cure, if the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with perfect restoration of the general health. It is, however, prudent, and in every case more certain to oure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and longstanding cases. Usually, this medicine will not require any aid to keep the bowels in good order; should the patient, however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of BULL'S VEGETABLE FAMILY PILLS will be sufficient.

BULL'S

WORM DESTROYER.

To my United States and World wide

I have received many testimonials from pro-fessional and medical men, as my almanacs and various publications have shown, all of which are genuine. The following from a highly educated and popular physician in Georgia, is certainly one of the most seusible communications I have ever received. Dr. Clement knows exactly what he speaks of, and his testimony deserves to be written in letters of gold. Hear what the says of BULL'S WORM DESTROYER. VILLANOW, WALKER COUNTY, GA., June. 29, 1866.

June. 22, 1866.

Dr. John Bull.—Dear Sir: I have recently given your "Worm Destroyer" several trials, and find it wonderfully efficacious. It has not failed in a single instance to have the wished-for effect. I am doing a pretty large country practice, and have daily use for some article of the kind. I am free to confess that F know of no remedy recommended by the ablest authors that is so certain and speedy in its effects. On the contrary they are uncertain in the extreme. My object in writing you is to find out upon what terms I can get the medicine directly from you. If I can get it upon easy terms, I shall use a great deal of it. I am aware that the use of such articles is contrary to the teachings and practice of a great majority of the regular line of M. D.'s, but I see no just cause or good sense in discarding a remedy which we know to be efficient, simply because we may be ignorant of its combination. For my part, I shall make it a rule to use all and any means to alleviate suffer-METALIC CASKETS METALIC CASES combination. For my part, I shall make it a rule to use all and any means to alleviate suffering humanity which I may be able to command—not hesitating because some one more ingenious than myself may have learned its effects first, and secured the sole right to secure that knowledge. However, I am by no means an ad-A. BARR. vocate or supporter of the thousands of worthless nostrums that flood the country, that purport to care all manner of disease to which human flesh is heir. Please reply soon and inform meof your best terms. I am, sir, most respectfully, JULIUS P CLEMENT, M. D

Benton Barracks, Mo., April 30, 1866,
Dr. John Bull.—Dear Sir: Knowing the efficacy of your Sarsaparilla, and the healing and beneficial qualities it possesses, I send you the following statement of my case.

I was wounded about two years ago—was taken prisoner and confined for sixteen months. Being moved so often, my wounds have not healed yet. I have not sat up a moment since I was wounded. I am shot through the hips. My general health is impaired, I need something to assist nature. I have more faith in your Sarsaparilla than in anything else. I wish that that is genuine. Please express me half a dozen bottles, and oblige

Da. John Bull.— Dear Sir: My ausband, Dr. C. S. Johnson, was a skillful surgeon and physician in central New York, where he died leaving the above C. P. Johnson to my care. At thirteen years of age he had a chronic diarrhea and scrofula, for which I gave him your Sarasparilla. Ir Curaed Him. I have for ten years recommended it to many in New York, Ohio, and Iowa, for scrofula, fever sores, and general debility. Perfects access has attended it. The cures effected in some cases of scrofula and fever sores were almost mivaculous. I am very anxions for my
